

### 3. A Short Walk Around Old Bussage

#### Where

The Ram, Bussage – Old Bussage – The Ram

#### Length

About ¾ mile

#### About the walk

This walk suggestion [of about ¾ mile] takes you around parts of Old Bussage. Part is on quiet roads, and part on footpaths. You may know some of the paths but some could be new to you. They are all rights of way but not all signposted. It is stile free and fairly level with some slopes.

I hope you find something new to explore.

#### The route

The walk begins and ends at **'The Ram'**

With your back to **'The Ram'**, turn left and walk along **'The Ridge'** until you have almost reached a T-junction.

Fork right down a slight hill, passing a church notice board on your right, to a triangular green. Keep straight ahead towards the **'Old House'** sign and walk down alongside the **'Old House'** wall. At the end of the wall, go straight ahead on a track.

When this ends, keep ahead on a grassy path. When it reaches a house corner, with **'Lyndhurst'** ahead, turn left on a grass path. This goes slightly uphill and then turns left.

The path reaches a lane. Turn right to a T junction where you turn left.

Very soon you will see **'Cowswell House'** carved in its wall on your left. Turn right up a tarmac path. Go left at **'Jasmine Cottage'** on a track, keeping the garden of **'Jasmine Cottage'** on your right, which will bring you to a lane. Turn right and continue ahead until you reach **The Ridge**. Here turn left for **'The Ram'**.
