

Tim Woodfine

Profile

I have lived in the Parish with my family since 2015 and joined the council in January 2025. With a degree in Environmental Protection and PhD in Biodiversity Management, I have enjoyed a long career in international wildlife conservation, and am currently Chief Executive of a multinational non-governmental organisation.

I am Chair of Governors at Chalford Hill Primary School, enjoy coaching local youth football and was Chair of the Chalford Hill Community Benefit Society that was set up to save the Old Neighbourhood Inn. With my interest in wildlife and the environment, I now lead the Local Nature Action Plan working group.
