

## **October Newsletter**

### **Creative Volunteers Wanted**

With the sad demise of the Herald, the Parish Council are considering producing a quarterly newsletter to replace it. We are looking for volunteers to work with us on this - if you are creative, computer literate and have some time to spare, we would love to hear from you.

### **A Successful World Jungle Play Day**

Our recent play event at Bussage Pleasure Ground went really well, with a great turn out and lots of really positive comments and feedback. There were 70 children through the afternoon, plus parents – with lots of people asking when we were going to do it again. As these events are so popular, we will be looking to book them again for Spring next year.

### **Allotments Up For Grabs**

The new allotment year has begun and several plots have become available for rent. All available plots now have a sign, so people can clearly see them. Allotmenting is so good for you, not just for the delicious fresh produce, but also for the social and community aspect of it – why not give it a go. Call us today to grab yourself an allotment.

### **Have you got work for Chalford's Footpath Volunteers?**

At present the Footpath Volunteers have no particular tasks lined up, so we'd welcome your suggestions for footpath basics such as clearing encroaching soil and grass from the edges of paths, cutting back hedges, or fixing muddy patches on Public Rights of Way. Now is a good time to do this sort of work, so suggestions for path and hedge repair/improvement are welcome. Call the Parish Office on 01453 887204, or email [info@chalford-glos.gov.uk](mailto:info@chalford-glos.gov.uk)
