Chalfest: Cllr Trinder explained that the working group had met with the organisers of Chalfest and an updated contract has been drafted. The working group are due to meet with the organisers again soon and the finalised contract should be ready for discussion at the April Full Council meeting.

Community Composting: Cllr Samaroo updated members about the recent decision taken by the Works Committee. After thorough investigation and careful consideration, the Works Committee decided that the Middle Hill site is not suitable for the proposed scheme. However, Cllr Samaroo made it clear that it is not the scheme itself that is in question, as there is undoubtedly a need for a composting scheme in Chalford, their decision is purely based on the proposed site. The Committee are aware that finding a suitable piece of land could be a challenge, but one that they are happy to support the local community group with. Cllr Trinder suggested that perhaps the search for land could be investigated more formally as part of the Neighbourhood Development Plan.

A brief discussion followed and it was agreed that relevant information needs to be communicated to all members so they can respond when parishioners and members of the community group, who it is understood are feeling quite disheartened, raise the issue. The Clerk will circulate an update to Full Council. **ACTION: Clerk**
