

No Open Access Community Play Days This Summer

We are sad to have to tell you that due to Covid-19 restrictions on group gatherings and social distancing, we are unable to provide any community play days this summer.

We know that this will be a big disappointment to the hundreds of children and families that come to meet our Play Rangers and enjoy our free active and creative play activities in their local park.

Playgrounds are now re-opening across Gloucestershire and parks are open for recreation so we hope that you will still be able to 'Get Out and Play' with family and friends.

We look forward to resuming our community play activities when restrictions are lifted. In the meantime, please keep on playing – it's really good for you and especially now.

Pip Levett, Director of Play
